Short term course on

BASIC METROLOGY

at

PSG-FLUKE Calibration Centre

during

April 16-18, 2020 (3 days)

COORDINATORS

Dr. S.Kanthalakshmi

Professor/EEE

Mr. S. Navaneethan

Asst. Prof./ICE
ABOUT THE COURSE

This 3-day course covers the basic understanding on a wide range of topics that are related to metrology, measurement and calibration.

**Course Outline:**

**Day 1**
Basic Metrology
Estimation of Uncertainty in measurements

**Day 2**
DC and low frequency metrology
Electrical Calibration principle with hands-on using 5080A

**Day 3**
Principles on Temperature and Pressure Calibration with demo.
The course will be handled by experts from Fluke Corporation.

WHO CAN ATTEND

This training is ideal for individuals whose work would relate to the usage of precision measurements and calibrations or within the field of quality assurance. Prior understanding in measurement functions or having a background in quality assurance would prove advantageous for participants who possess such general knowledge.

ACCOMMODATION

Accommodation can be arranged at PSG Tech Hostel at a nominal rate. As limited accommodation is available participants are requested to confirm in advance.
