PSG COLLEGE OF TECHNOLOGY

PSG College of Technology, an institution of academic excellence, was founded in the year 1951 by PSG & Sons' Charities Trust. The institution is equipped with latest facilities and excellent infrastructure. The college has signed MoUs with research organizations and industries to promote closer interaction in the areas of technology development, student training, curriculum updating and establishment of state-of-art-centers of excellence. The mission of the institution is to provide world-class engineering education, foster research and development, evolve innovative applications of technology, encourage entrepreneurship and ultimately mould young men and women capable of assuming leadership of the society for the betterment of the country.

About The Department

The Department of English, PSG College of Technology, offers courses in English Language Proficiency, Communication skills for Engineers, English for Competitive Examinations, Professional Communication, Foundational English and Employability Skills for the undergraduate students. It also offers French and German languages for undergraduate students. It has world class laboratory resources for the undergraduate and postgraduate students. These programs lead in refreshing and updating current trends in English language teaching and learning.

Theme of the Workshop

English language teaching and learning patterns are changing rapidly and profoundly due to the emergence and expansion of this global language along with technological innovations and the increasing need for learner autonomy. Such welcome changes necessitate new demands and challenges in teaching English language programme in particular. Economic and technological developments also have tremendously played a major role in the increased importance of English communication in the last few years.

English Language Teaching in India especially at the tertiary level has experienced several changes in recent years.

The discipline of ELT&L in India has seen changes that have had tremendous impact on the ESL classroom some of which have been positive and some negative.

Themes to be Addressed:

- ☞ Challenges in Language Teaching and Learning
- ☞ Integrating technology for Language learning and Teaching
- ☞ Designing effective lesson plans for the ESL classroom
- ☞ Language acquisition inside and outside the classroom
- ☞ Complementing and Supplementing teacher inputs
- ☞ Using existing cognitive and linguistic resources for language learning
- ☞ Language and Critical Thinking: reference skills, grammar, and rhetoric
- ☞ Methods of Language Teaching levels in the International context
