KANIYUR SURVEY CAMP

DATE : 04/12/2022

VENUE : Kaniyur Panchayat

"A man's feet should be planted in his country, but his eyes should survey the world."

- George Santayanauze

National Service Scheme, PSG College of Technology, held a **survey camp** in the five NSS-adopted villages on **4th December 2022**, to learn about the issues the villagers were facing and to determine how best to meet their needs during the Seven Day Special camp.

Around **60** volunteers participated in this camp. The volunteers were given a google form which contained a set of questions to ask the people. **Dr. R Senthil Kumar, NSS Program Officer** guided and directed the volunteers in the camp. After being divided into two teams, the volunteers began touring the homes in each village. The first village visited was **Kollupalayam**. Around 100 responses were received. After being divided into two teams, the volunteers began touring the homes in each hamlet. The volunteers then went to the **Sangothipalayam** houses, where they recorded 84 responses. Their main concerns related to the corporation's negligent drainage maintenance and refuse disposal.

The volunteers were then driven to **Chellappampalayam**. They mingled with the villagers while working as a team. There were 53 responses. The locals recommended setting up a medical camp for them because there was no hospital in the area. **Ponnandampalayam** was the last village where the volunteers conducted their census. There were 52 responses recorded in this village. They also recommended setting up a medical camp. They had a major problem with improper sewage and water pipe infrastructure.

All the villages the volunteers visited provided a total of **266 responses**. Knowing the needs of the villagers brought the survey camp to an end. The NSS 7 Day Camp will address all of these problems.
